DESIGN LINES 5 - JULY 2015

## Warm Up with Traditional Queenslanders

Welcome to the Winter Edition of Design Lines. At Traditional Queenslanders we believe the heart of the home is your kitchen - the place where the family gets together. In this edition we reveal a brand new kitchen built and designed by Burgess Kitchen & Cabinet Makers in a Traditional Queensland home.

I am particularly excited to share photos of our recently completed Cape Cod style home in Mt Tamborine. Scroll down to read what makes this home so special.

You've heard it here first: Traditional Queenslanders is building an impressive display home within the new area of Palm View on the Sunshine Coast. Find out more about this project below!

Don't forget to follow us on [Facebook](#) and [Pinterest](#) for our latest project news.

*All the best,*

## The Cape Cod Style Home

Traditional Queenslanders recently handed over the keys to this impressive Cape Cod Style home located in the heart of Mt Tamborine. This home accommodates four bedrooms, a study and upstairs rumpus, and encapsulates American Colonial architecture detailing. The home remains sympathetic to the Queensland environment with the inclusion of spacious verandas and steep roof pitches to take advantage of the scenic coastal views.

The homes contemporary fittings and stone bench tops provide for a light and spacious design that compliments its beautiful surroundings. [View more photos of this grand home here](#) and tell us what you think on our [Facebook Page](#).

## Kitchen Inspiration with Burgess

One of our preferred kitchen solution manufacturers, Burgess Kitchens, have designed and completed a stylish new kitchen in a home built by the Traditional Queenslanders team. Being the hub of a family home, the kitchen required a large open plan, with maximum prep space and storage. This kitchen epitomises functionality, and aesthetic beauty with a classic design. [See more photos on our Pinterest](#).

## Coming Soon - Display Home in Palm View Estate

I am happy to announce the news that the Traditional Queenslanders team is expanding their expertise to Palm View Estate on the Sunshine Coast. Homes built within this estate will boast acreage sites, however are designed and specified to suit a slightly more modest budget.

The new display home that we are building in this area has an expected completion date in December 2015. We will keep you updated on the progress of this home in the next edition of Design Lines!
